NON-RESIDENTIAL REBATES

Rebates are available for Commercial, Agricultural and Industrial sectors. These rebates tend to take longer to review and are based on actual proven energy savings reached.

Multi-Family projects are determined by the number of dwellings and stories per building. If qualified; weatherization, appliances and HVAC rebates may be available.

Non-residential rebates must be pre-approved by KPUD. Contact our office to start the discussion on your projected projects.

INCOME QUALIFIED PROGRAMS

Residential Income Qualified Rebates include:

- HVAC (air-source heat pump and or mini split system)
- Weatherization (windows, doors, insulation)
- Smart Thermostat
- Heat Pump Water Heater

To qualify households (at a minimum) must meet the Federal Weatherization Assistance income levels. Contact us for more detail.

Additional KPUD assistance programs may be available such as:

Operation Warm Heart through customer donations to provide assistance to those in need.

Low-Income Elderly Discount Program for winter bill assistance for those that qualify.
