## 2023 Community Meetings

Klickitat PUD holds regular public commission meetings twice a month—on the second and fourth Tuesdays—at our office in Goldendale. These are the formal commission meetings where staff provide department reports to the board, the board approves the bills we pay, and we discuss policy and other issues required to run the electric, water and wastewater businesses—along with other projects here at your PUD.

In addition, each spring, we visit the communities where we operate water and wastewater systems. This year, we have met in person when there are functioning community groups, which include Klickitat, Rimrock, Lyle, Ponderosa Park, Glenwood and Bickleton. In those meetings, we focus on planned capital projects and how individual systems are operating. We discuss financials and rates for these systems.

Now that COVID-19 appears to be mostly behind us, we plan to meet with communities this year as we did before the pandemic. At these meetings, we discuss general updates about your PUD, the challenges and opportunities we face, what we see coming and how these issues might affect our customers. We answer questions and interact with customers to exchange ideas for things we can work together to improve.

We already have met with Goldendale Kiwanis, as well as Alderdale, Bickleton and Central County irrigators. We plan to set up meetings with the city councils in Bingen, White Salmon and Goldendale, and with community groups in Trout Lake, Lyle and the Port of Klickitat

Not all these meetings have been scheduled. For a complete schedule of meeting dates and times as we develop it, visit the news section of our website, [www.klickitatpud.com](http://www.klickitatpud.com)

I hope you take the opportunity to be active with these groups. I look forward to talking with you and hearing your questions and ideas.
