

Water. *Celebrate the Essential.*

Lately, there has been a lot of talk about getting back to what's important, returning to the essential elements of our lives. And, really, what's more essential than water? It's our most precious natural resource, playing a vital role in our daily lives. So this Drinking Water Week, let's celebrate the essential. **Let's celebrate water.**

Join Klickitat County PUD in celebrating National Safe Drinking Water Week, May 2-6.
