Submit your photos showing how power impacts your life, like this decades old photo of Mary Ritzschke testing new appliances near Goldendale.

Enter KPUD's 'How Do You Use Your Power?' Photo Contest

After a year of social distancing, Klickitat PUD wants to interact with you virtually and—eventually—in person.

To start, KPUD is launching the “How do you use your power?” photo contest. The contest will showcase the many people and things that make Klickitat County special.

KPUD wants to see how its service impacts your lives and helps bring families and communities together. KPUD may share submissions on social media or in Ruralite magazine.

Submissions will be accepted through the end of August. Some entries will be highlighted throughout the campaign, with winners announced at the end of Public Power Week in October.

Please watch for the results of the contest in the October Ruralite. Follow us on Facebook and keep your eye on our website for more details. Winners will be announced at the same time on Klickitat PUD's Facebook page and www.klickitatpud.com.

To qualify for prizes, submissions must include the photographer's name and a general location where the photo was taken. Pictures are not required to be taken within Klickitat County, but submissions should keep with the theme of Klickitat County power. If possible, entries should include the year the photo was taken so KPUD can memorialize these photos in its archive with as much information as possible.

How should we contact you?

To ensure our customer messaging is fresh and relevant, KPUD encourages customers to reach out and let us know the preferred avenue for communications. Klickitat PUD strives to provide the information you need the way you need it. Currently, the utility shares information through local newspapers, Facebook, Ruralite and our website. Our communication goal is to ensure you have the information you need, the way you prefer to receive it.
